

① MYIPO-CNIPA PPH PROGRAM

The MyIPO-CNIPA PPH pilot program, which began 01 July 2018, has been extended for a second trial period of 5 years, ending 30 June 2027.

PPH has proven to be a popular option for expediting prosecution of Malaysian patent applications.

It is possible to obtain allowance in Malaysia within 8 months of requesting for processing under PPH.

② MYIPO-USPTO PROGRAM

A memorandum of understanding to initiate the MyIPO-USPTO PPH pilot program was signed on 26 July 2022.

This additional option for expediting prosecution is expected to become available soon.

MyIPO currently has PPH agreements with the Japan Patent Office (JPO), European Patent Office (EPO), China National Intellectual Property Administration (CNIPA) and the Korean Intellectual Property Office (KIPO).
